EDUCATION

VNR Vignana Jyothi Institute of Engineering and Technology	2022 - 2026
B.Tech in Computer Science Engineering (AIML)	CGPA: 8.45
Sri Chaithanya Junior College, Telangana	2020 - 2022
Board of Intermediate Education, Telangana	Percentage: 95.1

EXPERIENCE

Full Stack Developer Intern, Bio Clinpharm Pvt Ltd	Oct – Dec 2024
• Worked on the Company Website, focusing on functionality, user experience, and data handling. • Strengthened full stack development skills and gained hands-on exposure to real-world applications.	

PROJECTS

Optideliver – AI-Delivery Optimization System — Scikit-learn, Twilio, Flask, MongoDB, Next.js
• Developed an AI-powered logistics solution for India Post, streamlining deliveries via route optimization and advanced scheduling, boosting overall operational efficiency. • Encapsulated backend logic in modular Python OOP classes for deliveries, notifications, and scheduling, improving maintainability and flexibility.
SportAI – AI-Athlete Management Platform — Flutter, OpenCV, RAG, Scikit-learn, SQL
• Engineered real-time athlete monitoring (90% posture detection, 40% injury reduction for 100+) with FastAPI/OpenCV. • Built injury prediction (Random Forest, 85% accuracy) and RAG-based AI coaching (LangChain & Gemini, 1000+ daily requests).
Books Hub – Personalized Library Manager — MERN stack (MongoDB, Express.js, React.js, Node.js)
• Created full-stack library management app for cataloging, borrowing, returns, with secure auth and efficient database management. • Added dynamic search/filtering and user-friendly UI for better librarian/patron accessibility.
VisionGuard – Anomaly Detection in CCTV Footage — LRCN, Flask, OpenCV, Twilio, Geolocator
• Developed LRCN-based system to analyze CCTV, detect suspicious activities, and send alerts, improving security monitoring. • Enabled date-wise anomaly reporting for easy tracking and surveillance management.

TECHNICAL SKILLS

Programming Languages	C, C++, Java, R, Python, SQL, JavaScript
Frameworks/Libraries	Flask, Tailwind CSS, MERN, Flutter, Streamlit
Data Visualization	Power BI, Tableau, R Studio
Tools	GitHub, Docker, Data Preprocessing, Data Visualization
Databases	MySQL, MongoDB, SQLite
Operating System	Windows, Linux

CERTIFICATIONS

• Introduction to IoT Certification by NPTEL	• Amazon ML Summer School 2025
• Coder - Smart Interviews: Global Rank	• Introduction to Databases Certification
• OCI 2025 Certified AI Foundations Associate	• Developer Foundations Certification

ROLES & RESPONSIBILITIES

Computer Society of India - Superior Non-Technical Head	Jun 2024 – Present
Krithomedh, AIML Club - Superior Design Head	Aug 2024 – Present

ACHIEVEMENTS

• Winner of GDGC Solution Challenge 2025 – Developed SportAI (RAG, ML, OpenCV, Flutter)
• Selected for Amazon ML Summer School 2024 & 2025 (advanced machine learning)
• <u>Smart India Hackathon 2024</u> finalist - Top 5 teams of 13,000+ nationwide, for developing Optideliver
• <u>2nd Prize</u> in Project Contest & <u>Consolation Prize</u> in Paper Presentation at Convergence 2025
• Stood 3rd in Project Expo among 100+ teams, Dept. of CSE-AIML & IoT, VNRVJIET
